

EDUCATION DIRECTORY

2025-2026

Why an education directory?

Indonesia Expat has been in circulation since 2009, and in its tenth year, we have decided to publish a nationwide Education Directory to assist parents in making the most important decision of their children's lives: which school to attend.

The Indonesia Expat Education Directory contains invaluable information on international and national plus schools across the archipelago. so that wherever it is our readers live in Indonesia, they will be able to access the right information.

The directory is simple and clear, broken down into cities, and further categorized under International or National Plus schools. For those who wish to advertise their business in the booklet, there are specific pages allocated for this, ensuring maximum exposure. Schools who wish to include advertorials will also be given the chance to do so.

The Indonesia Expat Education Directory will have a print run of 16,000 copies, and will be distributed alongside Indonesia Expat magazines at international and national plus schools, embassies, expat associations, professional relocators, and residences.

Special Offering

This booklet is an excellent opportunity for promoting your business to a targeted audience. Valid for 12 months (1 year), you will gain maximum exposure through taking part in a promotional campaign through our Education Directory, and we are ready to help you each step of the way.
